

Bayley House: Phase One Stabilization

Georgetown Divide Recreation District

Bayley House

- Listed in the National Register of Historic Places
- Built in 1862 by A.J. Bayley, an early California pioneer, the Bayley House is located on Highway 49 seven miles north of Marshall Gold Discovery Park at Coloma. Once a lavish hotel, the building is three stories with 22 rooms, including a grand ballroom on its second level.

Bayley House: Phase One Stabilization

Georgetown Divide Recreation District

Project Scope

First Phase: Stabilization

- Install a temporary interior shoring system and construct masonry infill where brick walls have collapsed.
- As funds allow, prioritized structural repairs and exterior weatherproofing.

Grant Amount: \$140,000
